UstNr: DE 814 380 369**L003 - Piezo-tweeter approx. 8 Ohm 50 mm**

Piezo-high tone loudspeaker with an installed transformer to increase the power. Due to the dynamic connection load 2 of these loudspeakers have to be connected in series (because of to little inner resistance 8 ohm), and may then operate at our ultrasonic modules M048N and M071N. With this you have a very high output of radiation!

Available accessory:

M048 - Ultrasonic generator

M071N - Ultrasonic vermin repeller

**Technical Data:**

Frequency response: 5.000 - 20.000 Hz

Top performance: 105 dB at a distance of 1 m

Ultrasonic region: up to 24.000 Hz

Impedance: approx. 8 ohm

Dimensions: approx. 63,5 x 63,5 mm, height: 50 mm
